

GENERAL SERVICES ADMINISTRATION

Multiple Award Schedule *Authorized Federal Supply Schedule Price List*

On-line access to contract ordering information, terms and conditions, up-to-date pricing, and the option to create an electronic delivery order is available through **GSA Advantage!**TM, a menu-driven database system. The INTERNET address for **GSA Advantage!**TM is: <http://www.GSAAdvantage.gov>.

Schedule for - Multiple Award Schedule (MAS)

Category: Professional Services-Technical & Engineering (Non-IT)

Contract Number: GS-10F-0028W

For more information on ordering from Federal Supply Schedules
click on the FSS Schedules button at <http://www.gsa.gov/schedules-ordering>

Contract Period: November 01, 2019 - October 31, 2029

Contractor: Gauss Management Research And Engineering, Inc.
5875 S Adams Ave Pky Ste 2A
Ogden, UT 84405 7143

Business Size: Small, Veteran Owned Business

In accordance with 13 C.F.R. 121.404, the Contractor is ineligible to participate in any RFQ that is set aside for small business where the subject contract's awarded size status for the preponderance NAICS designated in the RFQ is "other than small".

Telephone: (801) 475-0243
Extension: x6872
FAX Number: (801) 475-0367
Web Site: www.gmre-inc.com
E-mail: larry.magley@gmre-inc.com
Contract Administration: Larry J Magley

CUSTOMER INFORMATION:

1a. Table of Awarded Special Item Number(s) with appropriate cross-reference to page numbers:

SIN	Recovery	SIN Description
541330ENG		541330ENG Engineering Services
541380		541380 Testing Laboratory Services
541420		541420 Engineering System Design and Integration Services
541715		541715 Engineering Research and Development and Strategic Planning
OLM		OLM Order-Level-Materials (OLM)

- 1b. **Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply.**
- 1c. **If the Contractor is proposing hourly rates a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate “Not applicable” for this item.**
2. **Maximum Order:** \$1,000,000.00
3. **Minimum Order:** \$100.00
4. **Geographic Coverage (delivery Area):** Domestic Only
5. **Point(s) of production (city, county, and state or foreign country):** Same as company address
6. **Discount from list prices or statement of net price:** Government net prices (discounts already deducted). See Attachment.
7. **Quantity discounts:** None Offered
8. **Prompt payment terms:** Net 30 days, Information for Ordering Offices: Prompt payment terms cannot be negotiated out of the contractual agreement in exchange for other concessions, per I-FSS-600.
- 9a. **Notification that Government purchase cards are accepted up to the micro-purchase threshold:** Yes
- 9b. **Notification whether Government purchase cards are accepted or not accepted above the micro-purchase threshold:** will accept
10. **Foreign items (list items by country of origin):** None
- 11a. **Time of Delivery (Contractor insert number of days):** Specified on the Task Order
- 11b. **Expedited Delivery. The Contractor will insert the sentence “Items available for expedited delivery are noted in this price list.” under this heading. The Contractor may use a symbol of its choosing to highlight items in its price list that have expedited delivery:** Contact Contractor
- 11c. **Overnight and 2-day delivery. The Contractor will indicate whether overnight and 2-day delivery are available. Also, the Contractor will indicate that the schedule customer may contact the Contractor for rates for overnight and 2-day delivery:** Contact Contractor
- 11d. **Urgent Requirements. The Contractor will note in its price list the “Urgent Requirements” clause of its contract and advise agencies that they can also contact the Contractor’s representative to effect a faster delivery:** Contact Contractor
12. **F.O. B Points(s):** Destination
- 13a. **Ordering Address(es):** Same as Contractor

- 13b. Ordering procedures:** For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA's), are found in Federal Acquisition Regulation (FAR) 8.405.3.
- 14. Payment address(es):** Same as company address
- 15. Warranty provision.:** Contractor's standard commercial warranty.
- 16. Export Packing Charges (if applicable):** N/A
- 17. Terms and conditions of Government purchase card acceptance (any thresholds above the micro-purchase level):** Contact Contractor
- 18. Terms and conditions of rental, maintenance, and repair (if applicable):** N/A
- 19. Terms and conditions of installation (if applicable):** N/A
- 20. Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable):** N/A
- 20a. Terms and conditions for any other services (if applicable):** N/A
- 21. List of service and distribution points (if applicable):** N/A
- 22. List of participating dealers (if applicable):** N/A
- 23. Preventive maintenance (if applicable):** N/A
- 24a. Environmental attributes, e.g., recycled content, energy efficiency, and/or reduced pollutants:** N/A
- 24b. If applicable, indicate that Section 508 compliance information is available on Electronic and Information Technology (EIT) supplies and services and show where full details can be found (e.g. contractor's website or other location.) The EIT standards can be found at: www.Section508.gov/.**
- 25. Data Universal Numbering System (DUNS) number:** 603055885
- 26. Notification regarding registration in System for Award Management (SAM) database:** Registered
- 27. Final Pricing:**
The rates shown below include the Industrial Funding Fee (IFF) of 0.75%.

Service Contract Act: The Service Contract Labor Standards (SCLS) is applicable to this contract as it applies to the entire Multiple Award Schedule (MAS) and all services provided. While no specific labor categories have been identified as being subject to SCLS due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CFR 541.300), this contract still maintains the provisions and protections for SCLS eligible labor categories. If and / or when the contractor adds SCLS labor categories / employees to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCLS matrix identifying the GSA labor category titles, the occupational code, SCLS labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract.

Experience and Degree Substitutions

Consistent with Gauss Management Research and Engineering hiring practices, experience can be substituted for education and education for experience. Successful completion of higher education, which has not yet resulted in a degree, may be counted as 1 for 1 years of experience for each year of college completed.

Relevant Experience Equivalency Based of Education

Two (2) years of experience would be equivalent to an Associate Degree.

Four (4) years of experience would be equivalent to a Bachelor's Degree.

Six (6) years of experience would be equivalent to a Master's Degree.

Eight (8) years of experience would be equivalent to a Ph.D. or Doctoral Degree.

Relevant Education Equivalency Based on Experience

An Associate's Degree would be equivalent to two (2) years of experience.

A Bachelor's Degree would be equivalent of four (4) years of experience.

A Master's Degree would be equivalent to six (6) years of experience.

A Ph.D. or Doctoral Degree would be equivalent to eight (8) years of experience.

The Experience and Degree substitutions apply to all labor categories.

Labor Category Descriptions

Project Manager (Senior)	Plans, coordinates, and directs a number of complex projects or a single project of major scope and importance. Directs the preparation of major proposals and presentations. Manages the successful completion of project phases on time, within budget and to specified quality standards. Interfaces with the user team to ensure all changes are coordinated and integrated and provides regular project status.	Master's degree in an engineering discipline or business administration	requires a minimum of 12 years of related experience in the functional areas
Program Manager	Plans, coordinates and directs all phases of the most complex projects in area of expertise and provides consultation and guidance throughout the organization. Proposes and leads major new projects and programs which have significant impact on the organization	Bachelor's degree in an engineering discipline or business administration	requires a minimum of 7 years of work experience, including several years of program/project management experience
Subject Matter Expert 1	Develops and applies policies and procedures within area of specialization in the investigation and solution of complex problems and the completion of complex projects. Serves as a primary functional area resource for senior management in area of engineering specialization.	Bachelor's degree in Engineering, Science, or another related field	requires a minimum of 5 years of work experience
Subject Matter Expert 2	Demonstrates superior scope and breadth of knowledge in area of specialization through the creation of new concepts, policies, and procedures. Serves as lead	Bachelor's degree in Engineering, Science, or another related field	requires a minimum of 7 years of work experience

	functional area resource for senior management in the most complex and difficult issues in area of engineering specialization. Results may have significant impact on the achievement of both operational/strategic objectives.		
Subject Matter Expert 3	Provides thought leadership on engineering related topics. Oversees and provides guidance to project and program directors/managers. Helps to shape senior management agendas, performs high level analysis related to consulting subject areas. Oversees the assessments and evaluations of the project managers and client feedback	Master's degree in Engineering, Science, or another related field	requires a minimum of 12 years of work experience
Engineer (Senior Principal)	Provides leadership in a specific technical field in which the individual is recognized as an authority. Demonstrates superior scope and breadth of knowledge through the creation of new concepts, applications, processes, or designs. Contributes to and directs the preparation and presentation of major research findings to clients. May present major research findings to the professional community	Master's degree in an engineering discipline (e.g. software engineering), computer science, mathematics, computational mathematics, physics, or a similar field	requires a minimum of 12 years of work experience
Engineer (Senior)	Contributes to the design of research projects. Assists in the presentation of findings and recommendations to clients. Guides the technical/research efforts of less experienced staff. May assume some project management duties for a specific phase of a major project or a total project of moderate scope. May monitor and organize the efforts of technical and clerical support staff	Bachelor's degree in an engineering discipline (e.g. software engineering), computer science, mathematics, computational mathematics, physics, or a similar field	requires a minimum of 5 years of work experience
Engineer	Performs assignments of increasing complexity that require the investigation of a limited number of variables. Prepares technical specifications and other documents for internal or client use. May assist in the preparation and follow-up of research proposals. Interacts with and influences team members to achieve team goals	Bachelor's degree in an engineering discipline (e.g. software engineering), computer science, mathematics, computational mathematics, physics, or a similar field	requires a minimum of 3 years of work experience

Engineering Technician (Senior)	Analyzes and evaluates technical support requirements for projects of moderate complexity. Plans and designs technical projects within area of specialization. Independently evaluates, selects, and applies standardized principles and procedures in area of specialization to complex problems and projects. Diagnoses and corrects the most complex system and equipment problems. Contributes significantly to design modifications in the completion of complex assignments. May assist in the planning and monitoring of laboratory and/or manufacturing operations	Associates Degree and advanced training from a technical trade school or military technical school	requires a minimum of 10 years of work experience
Engineering Technician (Intermediate)	Plans technical support functions required to support engineering, research, and development projects and activities; functions may include set-up, maintenance, circuit testing, assembly, installation, and fabrication. Independently evaluates, selects, and applies standardized principles and procedures in area of specialization to problems and projects of moderate complexity. Diagnoses and corrects complex system and equipment problems. Develops and conducts testing activities; may participate in design modifications in the completion of moderately complex assignments. May guide the technical efforts of less experienced staff.	High school diploma and advanced training from a technical trade school or military technical school	requires a minimum of 5 years of work experience
Engineering Technician	Assists in the planning of technical support functions required to support engineering, research, and development projects and activities; functions may include set-up, maintenance, circuit testing, assembly, installation, and fabrication. Consistently demonstrates a working knowledge of principles and procedures within area of specialization. Diagnoses and corrects minor system and equipment problems. As member of project team, provides ideas to team to contribute to achievement of team goals	High school diploma and some training from a technical trade school or military technical school	requires a minimum of 3 years of work experience
Engineering Support Staff (Senior)	Performs assignments of increasing complexity. Prepares moderately complex reports and related documentation. Contributes ideas to improve efficiency and accomplish department goals. Scope of responsibilities may include any of the following: project planning and coordination, budgeting, manpower and resource planning, financial reporting,	Bachelor's degree in a professional specialty such as business administration, marketing, accounting, finance, graphic design, or human resource management	requires a minimum of 10 years of work experience

	production of management plans, technical documents, and configuration management (CM).		
Engineering Support Staff	Independently conducts basic tasks; may assume responsibility for completion of a specific task within the scope of a larger project. Participates in more complex data gathering and data analysis activities and summarizes data for review by more experienced professionals and managers. Prepares written reports and summaries of work. Scope of responsibilities may include any of the following: project planning and coordination, budgeting, manpower and resource planning, financial reporting, production of management plans, technical documents, and configuration management (CM).	Bachelor's degree in a professional specialty such as business administration, marketing, accounting, finance, graphic design, or human resource management	requires a minimum of 5 years of work experience
Engineering Support Staff (Associate)	Independently conducts basic tasks; may assume responsibility for completion of a specific task within the scope of a larger project. Participates in more complex data gathering and data analysis activities and summarizes data for review by more experienced professionals and managers. Prepares written reports and summaries of work. Scope of responsibilities may include any of the following: project planning / coordination, budgeting, manpower / resource planning, financial reporting, production of management plans, technical documents, and CM.	High School Diploma in a professional specialty such as business administration, marketing, accounting, finance, graphic design, or human resource management	requires 0-2 years with some work experience desired
